Request for Proposal Process Update

- There are 17 pilot proposals.
- Review all materials and/or attend the presentations to submit a scorecard. All attendees may fill out the scorecard regardless of voting status.
- Decisions will be made at the September 3, 2020 DST meeting.
- Remember to raise hand, chime in, or use the chat function to submit questions during the Question and Answer portion of the presentations.

Wellness in Neighborhood Stores Extension Request

- Requested a 12 month time-only extension.
- Reason for request is delays due to COVID-19.
- **Decision:** Approved by consensus.

Pilot Proposals Questions and Answers- See Pilot Proposal Portfolio for all materials.

Hippotherapy Expansion Program

- Will those 30 weekly slots be held for IHN-CCO members only?
 - This is possible – most of the clients are IHN-CCO members.
- I read in the proposal that you had four Foster kids now. Is this because of capacity? If not, how will you get more for this program?
 - The program is not at capacity and foster children are a focus but not the only members the program serves.
 - The program does want to reach out to more foster families and will do this by building partnerships with the Department of Human Services as well as other child and family services organizations.

Coastal Kids Mentoring Program

- Why do you think it will be kids 8-13 primarily?
 - This is based on need assessed through community partnerships.
- Do you accept private insurance as well?

- Neighbors for Kids does not accept insurance at this time. Exploring billing mechanisms is a part of the pilot, beginning with IHN-CCO.
- Restraints are not used by Neighbors for Kids, the bullet point on the slide was for illustrative purposes and restraints were used by the school district.
- Mentorship, and supportive adult figures in general, can provide a critical source of support for LGBTQIA2S+ youth. There is also lots of research that speaks to the importance of culturally specific services (e.g., matching a queer youth with a queer mentor). You mentioned mentor/mentee matching. Could you describe how your organization has reached out to, consulted with, or collaborated with, local LGBTQIA2S+ organizations, programs, or community members to ensure the most culturally appropriate support for queer youth possible?
 - The program has been in conversations with Dee Teem of the Olalla Center and hopes to form a partnership with the Bravery Center (a DST pilot run by Olalla). The Bravery Center director would be happy to form a partnership with Neighbors for Kids.

Community Based Peer Support

- Do you have plans to offer services in a way to manage COVID-19 guidelines?
 - Yes, the Oregon Family Support Network already provides some services within COVID-19 guidelines and will follow the same plan for the pilot program.
- Clarification on definition of respite.
 - Respite in this sense is not medical respite or respite beds for children with behavioral health needs. The program would provide respite day events for families.

Culture of Supports

- Clarification on building and guidelines: this pilot proposal does not include funds for capitol expenses such as a building. These are long-term strategic plans for the organization.
- North End Senior Solutions often works with clients that have crisis response and hopes to connect to the CAHOOTS program that creates a behavioral health team for crisis response in appropriate situations (versus police).

Mental Health Home Clinic

- This would be a step in meeting a great mental health support need in East Linn County. I am thinking this could impact the fire district and law enforcement, also, in addition to ED use.
- What is the strategy to meet the needs of LGBTQ+ population?
 - Samaritan is looking at hiring culturally appropriate LGBTQ+ affirming providers and enacting policies that meet the often unique needs of this population.
- Will there be any telehealth behavioral health services available?
 - Yes, telehealth will be offered as well as telehealth resources in the office for clients that are unable to connect at home but are unable to do in person visits.

Community Doula Program

- Do you have or will have bi-lingual/bi-cultural providers?
 - Yes, currently the Community Doula Program has doulas that speak eight different languages and many are bilingual/bicultural.

Wrap-Up/Announcements

- Next meeting August 13, 2020.
- Flyers and information will be sent out in the DST follow up email tomorrow.
- The next two meetings will be proposal presentations and will extend to 6:30 pm.
