**Welcome and Introductions**

**Transformation Update**

- Pilots currently underway- several requests for time only extensions. Nine will be ending and seven will be extending.
- For the RFP 2 pilots, five contracts have been executed. For the RFP 1, these contracts are underway and are working on getting executed.
- Working on hiring an IHN advocate that will help to navigate the IHN space for members.
- Working on navigating interpreter requirements and rules that are being put in place. There are meetings and these are open to comments.
- The 2022 IHN contract should be in hand within the next several days. We can provide an update once we get a look at this contract in the upcoming weeks.

**Pilot updates**

- CommCard Program
  - Communication tool that can make communication easier for those with developmental disabilities.
  - The program consists of a training session with helping professionals.
  - Each participant gets a wallet sized card that contains information about them, their disability (if they want), their advocate, accommodations.
  - Participants fill out an application for a CommCard and then will receive training on the CommCards.
  - 4 CommCard trainings were able to be done in schools.
  - Challenges:
    - COVID- restrictions around in-person training sessions.
    - How to measure outcomes.
